JUBILEE WEEK FORMALLY OPENED

Thanksgiving Services in Christ Church Held Last Night

DANCE AT W. C. C S. C.

Program Each Night For All Men Who Served During War.—Parade and Block Dance Tomorrow.

This city last night ushered in the Welcome Home Week with a special Thanksgiving service held in Christ P. E. Church which was attended by a capacity congregation. The exercises were originally planned to be held on the lawn of that church but rain interferred with the plans and the services were held in church. Attending the services wer a number of uniformed men for whom special seats were provided.

Special music was furnished by the choir.

The opening prayer was made by Rev. Dr. P. P. Phillips, rector of St. Paul's P. E. Church and Rev. Dr. E. B. Jackson, pastor of the irst Baptist Church, presided.

Those who made addresses were Rev. Dr. E. B. Jackson, pastor of the First Baptist Church; Rev. Dr. W. J. Morton, rector of Christ P. E. Church; Rev. Dr. E. V. Regester, pastor of the M. E. Church South. Benediction was pronounced by Rev. G. J. Hill, pastor of the Methodist Protestant Church.

Rev. Edgar Carpenter, rector of Grace P. E. Church, also participated in the services.

Gay With Flags and Bunting

Bedecked with flags and pennants King street from end to end is now all in readiness for the week's festivities. The big carnival company which will show here on the streets has pitched its tents and stands all along King street and a big force of employes has been busy since the arrival of the company in making preparations for the opening. The crown of Victory at King and Washington streets was illuminated last night. festoons of lights on King street also were illuminated. Work on the court of honor was completed today.

King street already has taken on holiday appearance and indications are that it will be a great white way from now until the close of the week. Streets have been blocked off and there is everything in amusements from a merry go round to a circus. Many free attractions including high dive, band concert and other features will be given every day during the progress of the carnival.

Dance Tonight at W. C. C. S. C.

A feature of the program tonight under the auspices of the Welcome Home Committee will be a dance which will be held in the war Camp Community Service Club to which all soldiers, sailors and marines are invited It is expectd that will be largely attended.

Affair Is For All Who Served

The committee in charge of the arrangements of the program for the week desires to emphasize that all of the features planned are for all of the men whether or not they are enlisted or drafted.

MURDERED IN COLD UBLOOD

Walsh, Ryan and Dunne Report Wilful Killing and Brutal Treatment of Women in Prisons

Paris, June 9.—Within the last few months at least 10 citizens have been killed in Ireland by soldiers or constables under circumstances found by coroners' juries to have been wilful murder. This charge is made in the report on observations made in Ireland by Frank P. Walsh, Michael J. Ryan and Edward F. Dunne, delegates of the Irish Societies in the United States. The report, which was made public last night, was sent to President Wilson, along with the demand that the peace conference investigate the Irish question.

Numerous and specific charges of atrocities commited in Irish jails are contained in the document. Charges are made that hundreds of men and women were put in prison without specific accusations. The document says that at least 5 men died as result of atrocities in prisons, and that many prisoners are confined in cells of inadequate size and given insufficient and unwholesome food.

It also is alleged that punitive measures of the prison authorities include drenching with water in which the prisoners were obliged to remain all night in unheated cells bringing on pneumonia. Solitary confinement and withholding of rations also is charged. It is stated further that the heads of hundreds of families were sent to jail or deported, leaving dependent women and children without means of support, to become objects of charity.

The report says that Messrs. Walsh Ryan and Dunne visited Ireland with the assurance from Premier Lloyd George that they would e given full freedom to investigate.

SEMINARY FINALS BEGIN THIS WEEK

Close of Ninety-Fifth Annual Session of Episcopal Theological Seminary

BEGIN WEDNESDAY

Bishop Brown Will Preside—Two Deacons and Three Priests Will be Ordained Friday.

The commencement exercises marking the close of the ninety-fifth session of the Episcopal Theological Seminary near this city, will be held on Wednesday and Thursday of this week.

On Wednesday night the annual service of the Students' Missionary Society will be held at eight o'clock in the Seminary Chapel, the preacher being the Rev. Theodore Sidgwick, of Calvary Church, New York City.

On Thursday at 10 o'clock in the morning the commencement exercises of the Seminary will be held in the Chapel, Bishop Brown presiding. Diplomas of graduation will be given to the members of the Senior Class and degrees of Bachelor in Divinity and Doctor in Divinity will be conferred by the Board of Trustees upon certain clergymen. The address to the Senior Class will be delivered by the Rev. G. Freeland Peter, of St. James' Church, Richmond, Va.

Shortly after the close of the commencement exercises the annual meeting of the Alumni of the Seminary will take place, The address will be delivered by the Rev. W. Russell Bowie, D. D., of St. Paul's Church, Richmond, on his experiences as a chaplain in France. This will be followed by the regular business of the Society of Alumni and the Alumni dinner at two o'clock in the Seminary rectory. A number of speeches will be made in connection with the dinner. At the same time a collation will be given to other visitors.

The ordination services will take place on Friday morning at eleven o'clock, when two deacons and three priests will be ordained.. The preacher at this service will be the Rev. R. E. Lee Strider, B. D., of St. Matthews' Church, Wheeling, W. Va.

Automobiles will run from Union Station electric and steam cars to the Seminary and Thursday and Friday mornings at nine and ten o'clock returning in the afternoon of each day for the benefit of visitors. They will not start from anywhere else in the city.

The annual sermon was preached last night in the Seminary Chapel, before the Episcopal High School by the Rt. Rev. Arthur C. Thomson, D. D. Coadjutor Bishop-elect of Southern Virginia, the service being read by the Revs. Professor Kennedy, D. D., Chaplain of the High School. The annual joint celebration of the Fairfax and Blackford Societies of the School will be held tonight in Liggett Hall, and tomorrow morning, (Tuesday), the commencement of the school will take place when diplomas and certificates will be delivered to the boys who have been successful in the school examinations. This will also be held in Liggett Hall.

SNAKE IN HERMIT'S BED

Recluse First Thought it a Mouse And Wps Angry at Deceit

Emaus, Pa., June 9.—John Schwartzda, a hermit, who lives in the woods near here, had an experience Saturday night that would persuade the average bibulous citizen to take to the water wagon, but which feazed the austere hermit not the least.

Tumbling into bed at a late hour in the darkness ,the hermit felt a cold, wriggling mass against his bare body. Thinking it only a mouse, he paid no attention to it, but as the chilly object continued its wriggling tactics, he decided to investigate, with the result that he discovered his bedmate was a huge blacksnake, more than five feet long. He quickly killed the reptile, and returned to bed.

PLAN A "ROGUE'S GALLERY

Would Exhibit Photographs of "Strike Slackers" of Both Sexes

Union telegraphers plan a "rogue gallery" for the guidance of members matrimonially inclined, to be made up of photographs of "strike-slackers" of both sexes.

The idea was suggested yesterday at a mass meeting of union telegraphers by William M. Fitzgerald, who outlined whereby young people arriving at the age of orange blossoms and Lohengrin might protect themselves against a mesalliance by consulting Cupid's blacklist.

Fitzgerald's proposal is to photograph all wireworkers who refuse to strike and post the pictures in a conspicious place. Young men and women desiring to travel in "double harness" then would have an opportunity to look the collection over before popping the question, or saying "yes", as the case might be.

It is believed the thought of such a "gallery" will cause many young men and girls employed by the wire services to think before promising to "love, honor and obey" one who was unfaithful to fellow workers during a strike.

TENTED CITY FOR SHOWS OF CARNIVAL

Broadway Company Erects Tents and Stands On King Street

READY FOR OPENING

Attaches Kept Busy All Day With Work of Preparing For Affair —Work Attracts Many Spectators.

The carnival is here. The great Broadway Shows late this afternoon completed the task of pitching their tents and erecting stands.

King street from Fairfax to Fayette streets, a distance of nine squares is a tented city and tonight the festivities will open.

The street has taken on a circus appearance with its barkers and hawkers and myriads of lights.

All Alexandria will turn out and almost anything in the shape of side shows will be in operation.

The carnival is here for the week in connection with the Jubilee plans for the welcome home to the soldiers sailors and marines.

The first contingent of the carnival company arrived yesterday afternoon and the work of unloading from the trains on Henry street was begun Later on in the night the remainder of the big company came in and since its arrival its force of employes too have been busy with the work of pitching tents and erecting stands.

Streets have been blocked off and tents and stands thrown along both sides of King street for the shows to be exhibited. The work of the employes has attracted large throngs of spectators.

LOSE ALL THEIR EVIDENCE

Danville, Va., June 9.—Henry Abbott will not be tried for a violation of the Mapp act, notwithstanding the success that perspiring officers of the law met with in dragging the Riverside Canal for two gallons of liquor. They retrieved a stone jug from the depths after hours of work, but while one of the policemen was removing the evidence to a place of safety he slipped and the crock was dashed to pieces on the rocks. The officers said they hoped to secure a conviction because they had uncorked and smelled the contents of the jug before the accident. Abbott asked the officers how they knew that this jug of liquor was the bundle which he threw over the side of the concrete bridge.

Will the mothers, Fathers, and wives who have not received their white ribbon badges for "Home Coming Week" call at 700 Duke street and get them.

D. Worth Stanton, murder.

Ernest Green, burglary in the night time.

Matthews Scrrola, violation of prohibition law.

George Weaver, assault with intent to kill.

Joe Howell, violation of prohibition laws.

The jury was adjourned over until Wednesday.

Fred G. Duvall, of the Louisa bar, was admitted to practice in the courts of Alexandria.

Case of Commonwealth vs. John Wesley, for highway robbery, was tried, and jury returned a verdict of not guilty.

Isaac S. Groves was appointed Administrator d. b. n. c t a. of the estate of Thomas A Groves.

Henrietta Ridgeway Douglas vs. Solomon Rody Douglase, in Chancery decree divorcing parties upon the ground of desertion of complainant by the defendant.

The time for the trial of William H. Oehlert and D. Worth Stanton will be determined on the 18th, the court not being able to fix a day for trial on account of the absence of Edmund Burke, Attorney, who is sick at his home in Washington.

Matthew C. Srrola, indicted for violation of prohibition law was brought into court, entered a plea of guilty, and was sentenced to one month in jail and a fine of $50.

Joe Howell, for same offense, entered a plea of guilty, and given four months in jail and a fine of $200.

DEATH OF SSISTER LUCY

For Thirty Years Taught Boys at St. Mary's Parochial School

News has just been received in this city announcing the death of Sister Mary Lucy which occurred at the Mother Home St. Mary's, Notre Dame, Ind.

Sister Lucy for thirty years taught boys at St. Mary's Parochial School in this city and she had a host of friends here both Catholic and non-Catholic who will regret to hear of her death.

Sister Lucy left Alexandria five years ago and since then had been in Indiana. She had reached an advanced age.

BUG POISON KILLS MAN

Rose Bush Spray, Taken in Mistake for Beer, Proves Fatal.

Ogentz, Pa., June 9.—Barney Harvey, 80 years old, employed on the suburban estate of H. McEldardy, near Elkins Park, found a bottle in one of the kitchens which contained what he supposed was beer. Instead, the bottle was filled with a solution, heavily charged with nicotine, and intended for use as a spray for rose and other bushes. Harvey drank a portion of the contents, was seized with convulsions and died within a brief time. Coroner Neville, of Montgomery county, gave a certificate of accidental death, no inquest being deemed necessary.

PASS CENTURY MARK

Hull, Eng., June 9.—John Callis, who has just passed his 102 birthday anniversary, is the third of his family to pass the century mark.

One brother died at 107 and another over 100 might have been living yet had he not been killed in a motor car accident. "No more than one glass a day, and no tobacco" is John Callis' formula for long life.

NEW STORE OPENS

With the opening, last Saturday of the Home Lunch and Delicatessen, corner of Washington and King streets, the list of Alexandria's up-to-date and progressive business establishments was increased by one.

The new business is conducted by J. C. Johnson and Charles L. Osborne, both of whom are well known in this city and the surrounding country. For the past seven years Mr. Osborne has been window decorator and card writer for D. Bendheim and Sons, of this city, and has a host of friends here who wish him every success in his new undertaking. Mr. Johnson is a native of Great Falls, Va., and has a large circle of friends in that part of the state.

The new store is specializing on all kinds of salads and desserts and has one of the most sanitary soda fountains in the city.

500 FROZEN TO DEATH

Past Winter in Western Siberia Coldest Ever Known There.

Americans who spent the winter at Omsk, the headquarters of the Kolchak anti-Bolshevik Government, say the winter was the coldest in the history of western Siberia and cruse great suffering among hundreds of thousands of refugees from European Russia who have found temporary shelter in Moscow and Siberian centers. They say that 500 persons were frozen to death in Omsk and the thousands suffered frozen feet and hands. The temperature often reached 57 to 60 degrees below zero. Fortunately, little wind blew across the steppes, but when the wind did blow the cold was intolerable.

The stoutest fur coat could not stop it from penetrating to the marrow. As if by magic the streets became deserted. Americans often had their cheeks and noses frozen, and their hands, despite woolen gloves and mittens. were always stiff and aching Reckless exposure of the ears was always dangerous, sometime resulting in the lobes freezing and falling off at the slightest touch.

Despite the terrible cold, the visitor there feels bouyant and strong and usually feels like doing an extraordinary amount of work. The exceeding dryness of the atmosphere, the Siberian said, is conducive to long life and a sure cure for tuberculosis. Despite the rigors of the climate the people often live to be 80 or 90 years old Nevertheless, the average American who had to spend the winter in the Omsk district, as did some of the assistants of John F. Stevens, the American engineer in charge of the great Siberian Railway, suffered severely.

THE WELCOME HOME WEEK

Not since 1909 (the Home-Coming week) there [illegible] so much bustle and hurry in old Alexandria. This is "Welcome Home Week," an occasion that will long be remembered. It is in the nature of a grand ovation to the Alexandrians who enlisted or responded otherwise to the call to arms when Liberty was threatened by a blood-thirsty power, which is now in sack cloth and ashes.

There are times in the history of every community when "blowouts" are in order. They are the human safety valves, and those who believe in the saying that "true happiness is of a quiet nature, an enemy to pomp and noise," must give way for a day or two at least to those who desire to turn the community temporarily into a general fair.

During this week there will probably be encroachments upon some of our municipal laws, mostly those regarding streets, but where no principle is involved, and where everything is conducted good naturedly let all vie and make the ocasion one of the most enjoyable ever witnessed in Alexandria.

An old fable is pertinent. Aesop was found one day playing with a party of boys. A would-be humorist passed at the time, and turning to the philosopher he upbraided him for abasing himself by engaging in juvenile pastimes. Aesop picked up an bow and after loosing the string cast it upon the ground. He asked the man to explain the riddle. The latter could not, when Aesop said: "Man is like this bow, if you keep him to a high-strung pitch, you will cause his back to bend and remain in that shape. So it is with the bow; too, will soon become out of shape and useless if kept at too high a tension.

HEROES OF THE SOUTH

As is the annual custom, thousands made their way to Arlington yesterday to witness the exercises appropriate to the memory of the Confederate dead now sleeping at tha place. Wearers of the blue and gray repose in that hallowed spot, where those who will keep their memory fresh in the minds of the generation now living strew flowers and extol their virtues. "Glories of the present reflect glories of the past," and heroes of the past are not forgotten in the rush of modern days.

Old Sol is generally present on such occasions, and he cast his fierce beams yesterday long before the crowd gathered. Jupiter Tonans and Jupiter Pluvius were also on hand later in the day, as is the wont of these worthies at this season of the year.

But neither heat nor rain dampened the ardor of the assemblage! The program was carried out, and all returned to their homes realizing that it was good for them to have been there.

The invocation was pronounced by the Rev. Randolph H. McKim, formerly rector of Christ Church, in this city, and the enediction by the Rev. J. A. Norton.

Many Alexandrians mingled with the crowd, as they invariably do on the occasion. An extra train left here for Arlington at 2 p. m.

The services were under the auspices of Confederate Veterans Association, Sons of Confederate Veterans United Daughters of the Confederacy and Southern Relief Society.

PASSING OF EMPIRES

Peace settlements are still delayed. The Germans await the reply of the Allies to their counter-proposals and the Allies wait upon the response of the Austrians submitted to the Vienna government. Some changes in the terms are anticipated, but none of that will affect the documents as a whole.

The Philadelphia Inquirer says "before the dogs of war were let loose in 1914 there were two great Central Powers—Germany and Austro-Hungary. Today Germany is a Republic (at least by name), with portions of her territory given over to France and to Poland, while her ally is dismembered. The Austro-Hungarian Empire covered approximately 261,000 square miles. Hungary has trooped off by herself, Bohemia has become an independent nation, while great slices have gone to found the Serbo-Croat-Slovene State. Of Austria proper, with Vienna as its capital, there is left but a beggarly 8225 square miles.

"Let us put it in another way. The empire before the war was the size of New England, New York, Pennsylvania, New Jersey, Delaware, Virginia, West Virginia, and a portion of North Carolina. Today Austria, if dumped into the State of New Jersey, would spread over only about three-quarters of that Commonwealth.

Austria went to war to enlarge her holdings in the Balkans at the expense of Serbia. Germany went to war to dominate all Europe and the world. Both have fallen—miserably fallen—and they have dragged down with them Turkey, another empire. In four years empires have gone to smash and independent governments have been erected.

"The lesson of the great struggle ought to be taken to heart. It is that warfare for selfish objects can no longer be made to pay. But here are no indications that Germany, at least, is ready to accept it. Among her public men are some who are already dreaming of another "Day" when, with Russia under German domination, France can be overrun, England beaten and the United States humiliated.

That Day must never be allowed to come."

SMOKING IN CHURCH

While movements, in most cases backed by churches, are engaging in a propoganda against the use of tea, coffee, chocolate, etc. some clergymen in the Church of England are considering the advisability of allowing smoking in churches during the delivery of sermons.

Should smoking be permitted in church? Would "smoking" pews or a "smoking" gallery add to the popularity of the Church of England service?

This matter is being considered in all seriousness by many Church of England clergymen, who have "viewed with alarm" the increasing number of empty pews during the Sunday evening services. Many ministers are emphatically in favor of introducing Lady Nicotine into their churches, and see absolutely no harm in the use of the weed while they are endeavoring to interest their congregations in scriptural texts.

The suggestion, however, is not so revolutionary as it may seem. Sir Walter Scott records how farmers in the country districts of Scotland were accustomed to light up as soon as the minister announced the text.

In the days of the Knickerbockers we are told the sturdy Dutch smoked while in church. They carried home-made matches, steel, flint and tinder into the meeting houses of Manhattan Island and smoked ad libitus.

MUST WATCH GERMANY

A few adys ago the announcement was sent out from Washington that if the fighting in Europe had lasted a few days longer it would have been possible for the American Army to destroy a large part of Germany, or practically any portion of Germany attacked, by the most destructive chemical power which the experts of the world had ever been able to devise. This fearful power was to have been unloosed upon Germany from our airplanes, and some particulars of its frightfulness were given in the Washington dispatch.

The Manufacturers' Record says "we believe that it is a serious mistake for this Government to give out any particulars regarding war-making plans or devices which it has worked out. It is true that German scientists will be busy on every question of this kind, but we need not stimulate their activity by announcing what we have accomplished.

"The discussion of this subject brings up the thoughts that the next war—and we should entirely dismiss from our mind any thought that there will be no further wars—will probably be the most destructive the world has ever known because all that science learned during the four years of the horrible European struggle will be turned to account in devising new ways of making warfare hideous.

"Any thought that the German people have definitely abandoned the idea of world conquests would indicate a complete lack of knowledge of the German frame of mind. If the Germans felt today that they had a reasonable chance of success they would not for one moment hesitate to bring another war with all of its horrors upon the world.

"The spirit of the German people will live and thrive in the thought of revenge and of world conquest. In every laboratory chemists will be at work in devising new gases and forms of destructiveness, and any man who thinks that Germany does not expect some day suddenly to return to the struggle shows little understanding of the German people."

IS IT SAFER OUT OR IN?

Germany wishes to come into the League of Nations at the outset. A considerable amount of British opinion supports this. France has abundant reasons to hate Germany and desire to humiliate it, and it enjoys the prospect of keeping Germany on the waiting list, with the chance of being blackballed when it is proposed for admission.

The French feeling is natural, but it does not follow that it is wise. The safety of France is of paramount importance, but that has been well assured, and it is worth considering whether France's security would not be enhanced by mitigating the bitterness of Germany. The punishment of Germany, even under some modifications of the treaty, will be very heavy.

Other considerations must determine the matter. It certainly should not be decided in a spirit of revenge, nor even should nit be determined manly by considerations of punishment. The controlling consideration should be the interests of Europe in the future and the preservation of the peace of the world.

Would we be safer with Germany inside than outside of the League? Inside the League it would be under some restraint from the opinions of other nations.

Outside of the League Germany would be an outlaw, an Ishmaelite, embittered by a sense of humiliation and free to do any mischief that it might dare commit. There is no doubt that it has a large measure of control in Russia, and there are great potentialities in Russia. Germany will have abundant common interests with Austria. The ruling element among the Magyars has worked in accord with the Teutonic race for very many years, and Hungary now has the common interest of misfortune.

Would it not be wiser to soothe German pride by making it a charter member of the League? France and Germany have got to remain next-door neighbors, and the avoidance of unnecessary exacerbation is in the interest of the preservation of peace.—(Philadelphia Record.

GLASS CUTS HER THROAT

Woman Bleeds to Death After Fall With Pitcher

Philadelphia, June 9.—Mrs. Ella Chew, 56 years old, of No. 1728 Snyder avenue, met her death yesterday in a simple yet unusual manner. She fell with a glass pitcher in her hand, her jugular vein was severed by a piece of the broken glass, and she bled to death.

She was going out the back way to the store for groceries, stumbled on the steps leading from the kitchen to the yard, and fell full length on the concrete walk at the foot of the steps. The pitcher fell out of her hands and broke into bits, and one of the bits which had a jagged edge made a deep incision in her neck when her head struck the walk.

A nearby doctor was summoned. Seeing the seriousness of her condition he ordered her sent to St. Agnes' Hospital, after he put a compress on the wound, but she was dead before the ambulance reached the hospital with her.

Commonwealth of Virginia, In the Circuit Court of the City of Alexandria.

Etta Victoria Kearns, complainant, vs. John J. Kearns, defendant. In chancery. Final decree.

This cause coming on to be heard this 2nd day of May, 1919, on the bill of complaint legal process having been duly served upon the defendant, by order of publication fully matured and mailing of notice as required by law, he being a non-resident of this State as appears by affidavit filed herein, and upon the depositions of Etta Victoria Kearns, Ella Posey and Mrs. Pearl Padgett in this cause, taken before Frederick P. Russell, a Commissioner in Chancery for the Corporation Court of the City of Alexandria, Virginia, and filed in this cause on the 14th day of April, 1919, and being argued by counsel.

Upon consideration whereof the Court being of opinion that the allegations of the bill as to the wilful and voluntary desertion and abandonment for more than three years therein set out are sustained by the evidence and that the Complainant, Etta Victoria Kearns, is entitled to an absolute divorce from the bonds of matrimony from the defendant, John J. Kearns, doth adjudge, order and decree that she be and she hereby is divorced from the bonds of matrimony from said John J. Kearns.

And it appearing to the Court that it would be to the best interests of the infant chield of the parties, Harry Kearns, to remain with his mother, custody of said infant child is hereby awarded to Complainant.

And this decree is final.

Revenue Officers Raid Home Near Luray; Get 40 Gallons.

Luray, Va., June 9.—Revenue officers Saturday captured a considerable quantity of whisky at the home of Lester Ruffner, at his home in the Massanuttan Mountains of this county, six miles north of Luray. At the time of the officers' visit, Ruffner was in Luray with his stepson, and was apprised by his wife of the raid. A barrel containing 40 gallons of newly made liquor is alleged to have been captured by the raiders.

The revenue men are said also to have captured a veritable arsenal. This consisted of shotguns, revolvers and rifles.

Nine Mining Men Reach Nogales, Ariz., With Details of Horrors Endured

Nogales, Ariz., June 9.—Two Americans and thirty Mexicans have been killed by Yaquis and bandits in the La Colorado district of Sonora, Mexico, during the last two weeks, according to the statement of nine American mining men who arrived from that neighborhood last night.

The party of Americans, whose homes are in Arizona, Colorado and California, have sent a statement on conditions in that district to the State Department, at Washington, with copies to Senators Thomas, of Colorado, Johnson, of California, and Marcus Smith and Henry A. Ashurst, of Arizona.

GIRL DROWNS HERSELF

Petersburg, Va., June 9.—Lucy Walker, a comely young woman of eighteen years, whose home was in Lunesbury county, and who was here on a visit to an older sister, drowned herself in the power canal at Ferndale Park, Dinwiddie county. Before leaving her sister's house she placed a note on a dressing table in which she announced her intention of committing suicide. The note was found about half an hour after she left the house.

When the keeper of the park was communicated with and asked to keep a lookoutfor the young woman his reply was that men were at that moment dragging the canal for her body.

Miss Walker was seen at the park weeping and acting in a manner which attracted the attention of those who saw her. She was later seen walking along the banks of the canal, and when she had gone several hundred yards she was seen by two young men to leap into the stream.

Her body did not come to the surface. The supposition is that she was despondent over a love affair.

TERMS TO AUSTRIA

Seitz Says Treaty Means Starvation Of Country

Vienna, June 9.—The peace terms presented to Austria are impossible and mean the death of the country by starvation, President Seitz declared in his address opening the extraordinary session of the National Assembly. The galleries were filled and the floor contained a large portion of the members of the assembly including two women. The session was orderly.

Foreign Minister Bauer made a report on his conference at Feldkirch with Dr. Kenner, head of the Austrian peace delegation. Bauer, who is not popular either in Vienna or in the country and who is generally referred to as a "Bolsevviy," was listened to quietly while he read six pages of manuscript.

After declaring that the treaty was a peace of hate, the Foreign Minister released his personal vials of wrath against the Czecns, who, he said had taken all of Austria's sugar and other industries. The loss of German Bohemia by Austria, he added meant not merely the subjection of 3,500 000 Germans to foreign rule, but the loss of the most valuable part of German-Austria, industrially and culturally.

Dr Bauer declared that the people of the Tyrol, who love freedom above terms and that they, as well as the Germans of Bohemia, had the sympathy of all Germans.

He added that several months ago the Austrian Government had submitted to the Italian Government the draft of a treaty under which German South Tyrol would remain with Austria constitutionally and economically, but as a neutral military zone Dr. Bauer said he hoped the Italian Government, which up to this time had been unable to enter into direct negotiations, would not refuse to discuss the proposals at St. Germain.

He said there was danger of irredenta in German South Tyrol, remarking that the German people might hope gradually to win the friendship of Italy, but it would be a misfortune to both if the annexation of German South Tyrol prevented this.

Regarding Western Hungary and the frontiers of Carinthia and Styria, the foreign Minister added the Austrian peace delegation would propose plesbicites under neutral control.

Austria, he declared, must also have direct communications with Italy for commercial reasons.

Copenhagen, June 9.—Great crowds gathered in the streets of Vienna yesterday and outside the quarters of the Entente missions, Shouts of protest were raised after a big demonstration at which the peace terms were denounced, according to a dispatch received here. Union with Germany was demanded and a resolution passed calling on the Austrian delegation to refuse to sign the peace treaty in its present form.

Stimulate Retail Sales

U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

INFLUENZA AFTERMATH

Drr. Ennion G. Williams Says Care Myst be Exercised to Prevent Illness

The aftermath of grip may be almost, if not quite, as fatal as the original visitation proved to be—that is, if the people do not exercise unusual care for the next few months. Such is the statement of the Virginia Health Commissioner, Dr. Ennion G. Williams.

"Preceding influenza epidemics have always left in their wake," said Dr. Williams today, "depleted constitutions and lowered vitality. Not only those who were victims of the germ to the extent that they had pronounced cases are in danger this year, but many of those who are unaware of attack are now less virile by reason of their unconscious fight against the influenza germs which possibly attacked virtually every one."

Dr. Wiliams issuing this warning does not wish to be considered a prophet of all without advancing a remedy. If great care is exercised to prevent the spread of other malignant germs, the death rate for the year may not mount, it may even be lowered; but care is demanded, he says.

Mild cases of dysentery, which in ordinary times, might not be regarded seriously, are important when the patient has lost any power of resistance. To a greater extent is this true of typhoid, which at all times makes excessive demands upon its victims. Similarly is it true of malaria.

The health department of the State is pursuing a vigorous anti-fly and anti-mosquito campaign; and its engnieers are making exhaustive examinations of sources of drinking water. Not only are the filth borne diseases and malaria avoidable, but they are so easily avoidable, that there really does not seem to be any excuse for their occurrence even in ordinary times, say the authorities. This year should witness particular care in preventing these troubles and the health commissioner is endeavoring to impress through bulletins, letters and public speeches the tremendous importance of precautionary measures until the people have again become normal.

CALLS STRIKE UNAVOIDABLE.

Konenkamp Puts Blame on Burleson for Wire Walkout.

Chicago, June 9.—Reports of discharge of union operators by the Western Union Telegraph Company following the call issued Saturday night for a nation wide strike on Wednesday of telegraph and telephone employees had been received from all parts of the country, S. J. Konenkamp, international president of the Commercial Telegraphers' Union, said yesterday. He arrived from the East yesterday and addressed a meeting of union men throughout the afternoon. He said he expected 70,000 workers would be affected by the strike.

"I have received reports that the Western Union has discharged 150 of our men in New York, a number in Chicago, Galveston, Denver and other cities," he said.

"To the men at the meeting I stated that we had to strike in self-defense, because of the failure of Postmaster General Burleson in permitting our people to be discharged right and left without giving any protection, and giving us no chance for a wage adjustment or arranging for collective bargaining. I told them my efforts in the East had been absolutely unproductive, and there was nothing left to do but strike.

Mr. Konenkamp said everywhere the members are assuring him they will do all they can to make the strike effective. Rumors that the time for the strike had been advanced to tomorrow were unfounded, he said, and there was no thought of changing the call as issued yesterday.

SWALLOWS EAT MOSQUITOS

If you want to free the neighborhood of mosquitoes encourage swallows to make themselves at home says the American Forestry association, of Washington, which is conducting the national bird-house building contest among school children. These birds feed almost entirely upon obnoxious insects and they will do much toward protecting orchards and other trees from insect pests. No better investment can be made, therefore, than some houses set out for martins or other swallows. Of the blue swallows the purple martin is the largest, the male being entirely blue above and below while the female is blue above with a gray breast Swallows are highly migratory most of them spending the winter in South America.

DRY ENFORCEMENT ACT

Measure Fathered by Anti-Saloon League Will be Reported Out Within Few Days

Washington, D. C., June 9.—Measures which Congress will take for the enforcement of constitutional prohibition, and war time prohibition, as well, if that act is not repealed or suspended, are now being whipped into final form by committees of the House and Senate, and will be reported out within a week or 10 days with the purpose of passing them before July 1.

In that connection Congress must give the country an answer to many questions. First of all, will there be a search and seizure clause in the new law? Will the enforcement officers be given the authority to confiscate liquor found in the possession of a citizen after July 1 or after January, as the case may be? What may the owner of spirits, who has been unable to dispose of his property now in bonded warehouses do after the sale of liquors has been prohibited? May a person owning a small stock of liquor for private consumption move it in interstate commerce after the law goes into effect? May a person even carry a flask lawfully in his traveling bag if he goes from New Orleans to New York? How may a sick person obtain whisky for medical purposes, and how much at a time.

WILKINS MURDER TRIAL

Mineola, N. Y., June 9.—Trial of Dr. Walter Keene Kilkins, charged with murdering his wife at their home at Long Beach, February 27, began here today in the courthouse which has been the scene of many sensational murder trials.

District Attorney Charles R. Weeks and former District Attorney Charles N. Wysong, who is counsel for Dr. Wilkins, said yesterday they expected it would take three days to select a jury. About 50 witnesses will be called and the trial probably will last at least two weeks.

The charge of murder was not preferred against the aged physician until some weeks after his wife had been slain. The police at first credited his story that she had been killed by robbers whom they had surprised on returning home.

Later the body of Mrs. Wilkins was exhumed after finger prints said by the police to resemble those of her husband had been found on a piece of lead pipe, with which they believe she was stricken down. Dr. Wilkins sought to explain these prints by saying he had picked up the pipe after the murder to examine it. Afterward an unattested will was found in which Dr. Wilkins was named as his wife's sole beneficiary. Mrs. Wilkins' estate has been estimated at from $60,000 to $75,000.

Although warned not to leave Nassau county, the aged physician disappeared while the district attorney was investigating the case. Two days later he telephoned District Attorney Weeks from a point in Maryland that he intended to return and give himself up. On his arrival in New York he was arrested on a charge of murder and later indicted.

REIGN OF TERROR

Vienna, June 9.—The Ukranians are accusing the Poles of establishing a reign of terror in the recently occupied territory and of imprisoning the clergy and politicians, as well as Ukrainian soldiers. They also declare the Poles are trying to destroy Ukrainian historical records throughout Galicia and that the Poles in Volhynia province, Russia, are retaliating for outrages by the Ukrainian peasants last winter against Polish landlords.

According to the Ukrainians, 500 of their churches have been closed and 50 of them burned and 100 priests have been thrown into prison, while the cathedral at Chelm has been seized by the Polish bishop.

Typhus is reported to be breaking out among the prisoners.

LIGHTNING STARTS ORGAN

Harrisonburg, Va., June 9.—Lightning played a queer prank in this city Friday. After a storm had subsided a resounding clap of thunder was heard and upon investigation it was found that a bolt of lightning had struck the top of the tallest tower on the United Bhethren Church, knocking off two of the smaller capstones. The bolt entered the church, presumably on the electrice wire, turned on all the lights in the church and started the electric motor to the organ, which began playing a tune all by itself. The organ would not be stopped until after an electrician had been summoned, and even then before the motor and music could be cut off the electric wires had to be cut.

SHIP GOES ON ROCKS

Survivors Cling to Rigging While Storm Beats Ship to Bits

Valparaiso, Chile, June 9.—Eleven are known to have perished when the steamer Limanche, driven ashore during a heavy storm in Valparisó harbor, beat herself to pieces on the rocky beach Saturday night.

The catastrophe occurred shortly after 8 o'clock, when the Limanche began dragging her anchors. Seeing the vessel was doomed, the crew sent out frantic appeals for assistance, but the heavy seas made it impossible for boats to be launched or sent out from shore.

For hours the vessel was battered against the rocks by the waves. Survivors could be seen through semi-darkness, clinging to the rigging and superstructures until the ship was almost a shapeless mass. Eleven corpses have been washed ashore.

The Pacific Steam Navgation Company steamer Limari is reported to have foundered in the same storm between Pimentel and Eten. All the passengers and crew are reported to have been saved by the Peruvian steamer Mantaro. Heavy damage to shipping all along the Peruvian and Chilean coast resulted from the storm.

LIGHTNING KILLS GOLFERS.

Augusta, Ga., June 9.—Roy Goodwin, prominent in local real estate circles, and John L. Sauer, of the Hotel Review, New York, were killed by lightning on the golf course of the Augusta Country Club yesterday afternoon.

Half a dozen other men were shocked. They had sought shelter from rain in a toolhouse, which was struck by lightning.

THE IMPENDING STRIKE

Fifty Thousand Telegraphers Expected to Walk Out This Week

Chicago, June 9.—S. J. Konenkamp, international president of the Commercial Telegraphers' Union of America, arrived in Chicago yesterday from Washington and began plans for the nation wde strike called for Wednesday.

Konenkamp said he expected a complete tie up of commercial companies. Canadian telegraphers, he added, had issued instructions that no business originating in the United States would be handled in the dominion or on the Atlantic or Pacific cables.

According to Konenkamp, 50,000 telegraphers will quit their keys, representing about 90 per cent of the Postal and Western Union employes. Although there was a sentiment, he said, among the men, to call out operators of brokers' wires, it was decided they would remain at work for the present. American Telephone and Telegraph employes will join the strike.

Press associations, Konenkamp said, would not be affected at this time. The policy toward press associations, he said, had not been determined.

Messages reaching Konenkamp from locals throughout the country showed unanimous support of the strike call. A majority of the locals met today to formuate plans for the walkout.

U. S. DEPARTMENT OF LABOR

Never were the people—the buying public—more ready and able to buy than they are to-day.

There is no scarcity of money. The purchasing power in America to-day is greater than in all history. The field for new and greater business development is here.

Advertising is the certain, quick, and economical method of developing your business.

When you put the power of advertising promotion and its great economies back of your own business, you are also spreading the spirit of optimism and good will.

The U. S. Department of Labor urges all progressive merchants and manufacturers—in fact, all who have anything to sell—to advertise now and take advantage of the great market which exists at this time.

Popularity

Is the word that sells automobiles today. The car without it is an unknown quality and buyers will always choose that one which is known by performance.

Store Your Car with us The Largest Garage in the City

Hudson **Essex** **Maxwell**

Whenever motor cars are known, you will find these three. For years they have been the leaders in their class and their popularity grows with every sale.

The Hudson Super-Six needs but very little recommendation to motorists the country over, because of its wonderful performance whenever called upon. It has been a leader of big cars for many years and is becoming more popular every day. For speed or service, the Super-Six leads all competitors in its class. It is the sign of prosperity and is a favorite with at least 50 per cent of the most successful business men of the country. Place your order for a Super-Six now.

Although but a new car, the Essex Six is gaining rapidly in prestige throughout the country and at no very distant date bids fair to lead its class, as the Hudson leads larger cars. The Essex is designed by the same engineers who built the Hudson and it is a product of the Hudson Company. The body lines are graceful and comfortable and the engine is of the same type as the Super-Six, although built on smaller scale.

And where will you find a man, woman or child who has not heard of the Maxwell car. From the time automobiles first began to be seen on the roads, the Maxwell car has been one of the best known on the market. It is a beautiful car, well equipped and fairly powerful and the price is within reach of many who could not afford higher priced machines.

This trio of motor cars is without equal in the city and a demonstration will immediately convince anyone of the relative merits of each.

ZAPATA PACKED IN ICE

Coffin Bursts and Superstition Arises Among Indians That He Still Lives.

Cuautla, Mex., June 9.—Legends already are beginning to spring up among the superstitious and ignorant Indians of this state regarding Emiliano Zapata, the rebel chief who met death near here on April 10. In an attempt to preserve the bandit's body as long as possible in order to give the greatest number of his former followers a chance to see it, it was packed in ice, in the absence of embalming fluids. The ice burst the sides of the flimsy coffin and gave rise to superstitious tales that the "Attila of the South," as Zapata was called, was not really dead, but had burst his coffin and escaped.

DECREE FREES RELIGION

Absolute Toleration of Sects by Soviets With no Disturbance of Domestic Ties.

Budapest, June 9.—One of the first acts of the Hungarian Soviet government has been to decree absolute toleration.

"Religion is a man's private affair," said the proclamation, instructing all clergymen to announce from their pulpits on three successive Sundays the following principles, "in order to counteract the misleading notions spread by certain agencies among the masses.

"The Soviet Government assures to all persons the fullest religious freedom.

"There must be no interference with the clergy in the exercse of its religious functions.

"Churches, chapels and other places of worship are to continue to serve their usual religious purposes, and churches are to be converted neither into theaters nor cabarets.

"Communism has intention of altering the present system of marriage and family life.

"There is to be no nationalization of women.

"All those who carry on propaganda trying to convince the people to the contrary are to be regarded as enemies of the revolution and to be punished accordingly.

FAMINE GRIPS MOSCOW

City Full of Unemployed Workmen And Strikes are Hailed With Delight

Horse meat at 30 rubles a pound; dog 5t 12; rye flour, 800 rubles a pound. (A ruble was normally 50c.) These were prices prevailing in Moscow last February, according to an American, Dillon, representing a large farm machinery establishment who has just arrived here. Dillon left Moscow February 9 and came through Saratov, Oralsk, Orenburg, Samara and Ufa, arriving in Omsk after many difficulties on April 2.

Moscow is half deserted, he said. All signboards of prosperous business houses are down. Since all such places have been "nationalized." To ride one verst (two-thirds of a mile) by cab cost 100 rubles. A box of matches, if obtainable at all cost 15 rubles. People were burning furniture to heat their rooms, due to the shortage of firewood. Drunkenness was prohibited under penalty of death.

There is an edless Bolshevik propaganda. Pamphlets and newspapers enlarging upon the benefits of Bolshevism flood the towns and cities and proselyting is carried on feverishly among returning Russian war prisoners from Germany. Strikes in other countries are hailed with delight, and a world-wide revolution is represented as being in progress.

FACES STRIKE

Mayor of Winnipeg Holds Out No Peace Palm to City Employees Who Joined in Troubles.

Winnepeg, June 9.—Mayor Charles F. Gray faced a heckling crowd of strikers and sympathizers Saturday at Victoria Park and told the mass meeting that the city would not recede one inch from its determination to employ every legitimate means to maintain law and order, to feed all citizens, and to combat the sympathetic strike of municipal employees. He held out no offer of compromise to those who quit city jobs, despite the city ultimatum, and who are now asking for their old places.

The Railroad Brotherhood mediators received a reply from the industrial employers outlining the terms upon which they would agree to a settlement of the strike of the metal trades employees. It was understood that the first demand made is that the sympathy strike be called off.

Fire of undetermined origin destroyed the Industrial Exhibits Building at the old fair grounds Saturday. Volunteer firemen helped fight the flames. The building contained ordnance stores an dequipment. The fire did not reach the cavalry barracks neatby. An investigation has been begun by military officials.

PRINCE HENRY'S ARSENAL

Clamor for Arrest of Ex-Kaiser's Brother Growing in its Intensity

Rome, June 9.—In a search of the home of the fugitive Prince Henry of Prussia, the ex-Kaiser's brother, twenty-five hand grenades, 5,000 rounds of grenades, 5,000 rounds of rifle ammunition and sixty rifles were found.

The popular clamor for the apprehension of the prince is intense.

THOUSANDS MASSACRED

Vienna, June 9.— Three thousand peasants, including women and children, have been shot or hanged by the red army, as a consequenc of revolts in western Hungary, around Oedenburg, according to news considered trustworthy, which has been received here. The entire villag of Kolnhof was burned.

The massacre took place after 32 villages surrounding Dedenburg, had refused to go over to bolshevism. They desired to join Austria.

LOCUST SALAD NEXT

Baltimore, Md., June 9.—One of the entomologists at Johns Hopkins University has made the discovery that locusts are a delectable rood. He says they taste very much like shrimp and advises everybody to add them to the menu.

It is the easiest way to get rid of the pests, he adds.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. INGOMAR—"The Tiger's Trail"

Truly a unique picture is the new World production, "The Man Hunt," in which charming Ethel Clayton is starred. This picture is based on an old theme, that of a modern girl's efforts to find the right man for a husband and the methods she puts into practice to make this man marry her when he strenuously objects to doing so. It is one of the most delightful and pleasing light dramas imaginable. The Ingomar Theatre takes pleasure in announcing that it will present "The Man Hunt" tonight along with chapter 6 of "The Tiger's Trail."

RICHMOND—"True Heart Susie."

The soft and exquisite photography of which D. W. Griffith is the inventor and developer appears with new vigor of improvement distinctive among photopgraphic effects in "True Heart Susie," an Artcraft picture which is on view at the Richmond Theater today. Trenchant, delightful, glowing with the charm of youth, and electric with the tumult of rival love, bristling with humanites, significant as a study and absorbing as entertainment, "True Heart Susie," is a most remarkable photoplay.

REFUSE TO RETURN

Federation of Labor Order Disregarded by N. and W. Employees at Roanoke.

Roanoke, Va., June 9.—Despite the announcement that orders had been sent out by American Federation of Labor officials directing striking Norfolk and Western employees to return to work at once under penalty for refusal, approximately 3,000 local shopmen this afternoon voted to join the strikers today and others plan to hold meetings today.

Strike leaders predict that unless there is a sudden turn in the situation there will be a complete tie-up of the local shops by Monday night. They state that local workmen are acting on instructions from union officials directing the strike from Bluefield, W. Va.

Owing to the walkout of the coal wharf employees this afternoon the movement of freight trains was seriously hampered.

A. C. Needles, Federal manager of the railroad, said this morning that work has been suspended at Bluefield, Wilcoe, Eckman, Kimball, Bluestone, Roanoke, Winston-Salem, Williamson, Kenova, Portsmouth, Columbus, Clare and East Radford. Five hundred men failed to return to work this mrning and about 2,800 who quit work at noon in the main shops in Roanoke, declare they will not return Monday unless a settlement is reached.

The strike which originated in the discharge of a few men at Wilcoe, W. Va., last Wednesday for alleged insubordination, has spread rapidly over the greater part of the system, and if joined by the trainmen and engineers, will bring about a complete tie-up.

Officials of the road are awaiting a decision by the railroad administration and refuse to reinstate the men discharged at Wilcoe.

Portsmouth, O., June 9.—Workmen in the local Norfolk and Western Railroad terminals affiliated with the federated crafts yesterday walked out in a sympathetic strike with those at Roanoke, Va., Between 1,000 and 1,500 men quit work.

O. A. Phillips, local secretary of the Brotherhood of Railroad Trainmen, denied that the engineers, firemen, conductors and brakemen employed on the Norfolk and Western system would be affected by todays' strike among the shopmen along the system of the Norfolk and Western.

"The shopmen are affiliated with the American Federation of Labor. The transportation men are not," Mr. Phillips said.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or $1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

CRUELTY TO HEBREWS

Jews of Vilna Plundrede, Starved and Slaughtered by Poles When City Fell.

Paris, June 9.—Evidence of cruelties practiced upon the Jews in Vilna by Polish troops as seen by witnesses has been collected by Dr. Rachmilevitz and transmitted to the Lithuanian commission to the peace conference.

The document says that the same day the Poles occupied the Vilna railway station they began pillaging the houses of Jews under the pretext that they were searching for arms and Bolshevists.

Street-fighting broke out, the document says, on the afternon of April 22 after the city had been entirely cleared of Bolshevists. A considerable number of Jews were killed or thrown into prison.

Pedestrians in the streets were robbed of their clothing. Prominent residents of the town were arrested and tortured and held for ransom. Some others were killed.

Reports speak of 1,500 persons having been killed in Vilna alone, while it is estimated that from 2,000 to 5,000 were deported from Vilna to Lida. Ransoms of 1,500 to 15,000 rubles were demanded of Jews who were thought to have money.

Other reports in the document say the Polish authorities prohibited anyone from selling bread to the Jews. It also was impossible for them, it is said, to bring in food from neighboring localities because the Poles forbid the Jews to cross the bridges leading out of the city.

Between April 19 and May 4, the document says, the Jews in Vilna suffered damage estimated at 6,000,000 rubles.

The document says that the Lithuanian commission desires to point out that it appealed to the great powers for a commission of investigation before Premier Paderewski, of Poland took such a step.

PENDING ANSWER

Paris, June 9.—The Council of Four, with Premier Orlando of Italy absent, had another brief season at the "White House" yesterday mornin, considering the reply to the German country proposals. Later President Wilson took a long drive.

While on agreement has been reached by the Allies on the reply to the counter proposals, it is believed that M. Clemenceau and Premier Lloyd George will come to an understanding before the end of the week, perhaps Wednesday or Thursday.

Nearly all the commissions to which were entrusted consideration of the different German proposals are ready to report and it is expected will turn in their conclusions today. After the adoption of a general report by tht council it is believed that a compromise will be reached on the time to be given the Germans to decide whether they will sign the treaty.

It is known that M. Clemenceau desires to hold the Germans to a short interval perhaps no more than 24 hours, while Mr. Lloyd George favors giving them a week for consideration of this council's reply.

Pending their consideration of this reply, President Wilson probably will visit Belgium, to return for the signing of the treaty. As soon as possible after that he will embark for the United States.

STATUE TO FEED POOR

Vienna, June 9.—The Magnificent statue of Emperor Francis Joseph in Wiener Neustadt is to be melted and the money which the molten bronz will bring is to be used to buy food for Vienna's poor, the city council has decided.

The council further resolved to change the names of all streets and squares named after members of the House of Hapsburg or former leaders of the late Austro-Hungarian army.

Budapest, June 9.—The Hungarian Soviet government is continuing the confiscation and search of all castles and princely mansions in the former kingdom.

URGED TO EMIGRATE

Zurich, June 9.—A great movement is afoot in the Ruhr district Germany's richest industrial reign, for the organization of wholesale emigration immediately after peace is signed.

Alluring posbers urge the working masses to go to South America, especially Brazil and Argentine.
